About Me

Full Stack Developer with a degree in Computer Science and experience in Java, JavaScript, TypeScript and Node.js. Currently Backend Developer at SIVA and Publicis Media

Skills

Development

TypeScript

JavaScript

Java

Frameworks & Tools

React

Next.js

Node.js

Other Tools

Git

AWS

Docker

Languages

Italian

Native

English

B2

listening: B1

reading: B2

speaking: B1

writing: B2

Experience

Backend Developer

SIVA

2024 - Present

Backend development with NestJS and cloud services integration.

NestJS

TypeScript

AWS

Certifications

Associate Reactive Developer

OutSystems

2023

Certification in reactive web application development using OutSystems platform.

Associate Traditional Web Developer

OutSystems

2023

Certification in traditional web application development using OutSystems platform.

ScrumLearn Scrum Master Certified

ScrumLearn

2023

Certification in Agile methodologies and Scrum framework.

Projects

MindSpace

SaaS application for creative project management. Users can create projects, add notes, upload images, and organize their ideas using a Kanban-style board.

React

Next.js

TypeScript

Supabase

Tailwind CSS

Demo: <https://mindspace.vercel.app> Github: <https://github.com/AlessandroFare/mindspace>

Voto Elettronico

Electronic voting system with blockchain integration for secure and transparent elections.

Java

Spring Boot

MongoDB

Blockchain

Github: <https://github.com/AlessandroFare/VotoElettronico>

PikBook

Full Stack responsive Social Network for sharing creative projects and photography.

Node.js

Express

MongoDB

Cloudinary

Demo: <https://pikbook.herokuapp.com> Github: <https://github.com/AlessandroFare/PikBook>

Snake MIPS

Classic Snake game implementation in MIPS Assembly language.

MIPS Assembly

Mars

Github: <https://github.com/AlessandroFare/Snake-MIPS>

Cigarettes & Stubs

Startup project for Green Jobs Nature. Created a portable cigarette and stub holder in polyethylene to reduce pollution and make cities cleaner.

UI/UX Design

Product Design
